Subject: re: David Montague

He called this morning and accepted the investigator's job at \$35,000 annually. I fully apprised him of the uncertainty of the situation (to the extent I could) but he said he is committed to working for the Board and wants to go ahead. Per your instructions I will ask Tracy to call DOJ on Thursday to determine the status of his clearance from his DEA employment and to find out if he needs to fill out a new SF-86 and new fingerprint cards. He did ask that no reference or employment verification checks be made to his current employer until near the end of the 35 day period in the event this position does not materialize. Tracy - I have his paperwork, SSAN, etc. in case you need it to determine his status. See me for it when you get a chance.
