Subject: Archives I and II inventories

Body: In my mind, you are now the resident sage on the above matter. Accordingly, I have a question relating to a project I'm working on (off and on, more accurately) for Anne. The project has to do with personal records of LOH (school, employment, etc.) and the JFK Collection. Am I correct in my understanding that open HSCA/FBI Case Files are located at Archives II, and that there is not a parallel set at Archives I? And would not the same be true for the open HSCA/FBI Investigative File on Lee Harvey Oswald? Please advise!
