**Subject:** File 4.23.2.6 Center for Legislative Archives  
Near the beginning of the month, we got a big folder of documents from the Center for Legislative Archives. I think it's filed under 4.23.2.6. Jeremy asked me to get him some information that may be in that file before the end of the day so, as a matter of some urgency, I need to get my hands on it. Is that something I can do for myself (assuming I know where they're located, which I don't), or do I need to trouble you to pull them for me? Please advise. Thanks!
