Subject: Update on Issue #23

Our project to get the names of all former members/staffers/consultants is moving along slowly. Joe is working on HSCA information. I'm waiting to here from Ed Lopez with some names (I'll recontact him tomorrow.) I'll contact Jane Godfrey and Jackie Hess (both HSCA) again next week. Both owe me phone calls. I've sent letters to each and will try to arrange meetings to actually get names, addresses, etc. By reading the various reports I've been able to piece together some committee staff lists. Frank helped me by reading the Pike report at LOC. Frank tried to get the Ramsey Clark Panel list from LOC. They sent him to DOJ. DOJ said they didn't have it. We need to identify a contact at DOJ who will get the staff list (I read a list of the physicians and other professionals they consulted in the Rockefeller report) and personnel records to accompany it. HOW DO YOU WANT ME TO HANDLE THE APPROACH TO DOJ ON THIS? Jerrie has lists of everything I've gathered to date. She can start to type it into the database as she gets a chance.
