Subject: FBI and the true name/negative contacts issue
Phil and I understand that you, the Board, Terry O'Connor, and Howard Shapiro reached some kind of (perhaps interim) understanding regarding the Bureau's providing evidence for true names/negative contacts. This understanding is not recorded anywhere as far as I know. Phil learned about it from Terry and Carol -- and I learned about it from Phil. Could you please let us know exactly what the understanding is, how long it is intended to last, and how (if at all) it should affect the selection of FBI documents for review at the August 2-3 Board meeting?
