Subject: Files

Body: What are your thoughts on this from the cost angle? Can we afford to do this? I believe currently CIA has 16 files, so that means 16 redwells to start with.To: Noelle Gray/ARRBcc: Eric Scheinkopf/ARRB From: Manuel Legaspi/ARRB Date: 07/13/95 05:23:40 PMSubject: FilesEric and I were a little concerned about the "handling" of the files in the SCIF. We thought that it would be a good idea to place the folders in expandable folders (redwells?) so as to make them easier to handle and also reduce wear and tear. Any thoughts?Thanks, Manuel
