Subject: Sergio Arcacha Smith

Body: I wanted you to be aware that when I reviewed all the documents that researcher Todd Vaughn just sent us he included a number of pages of names, addresses and telephone numbers (they appear to be printouts from his computer, others are handwritten, all are photocopies.) Included in this listing is Arcacha's address and telephone number. Apparently, the same is not as secure as Gus Russo told us, although it is possible Vaughn received the same from Russo. In the event the address ever becomes an issue, I wanted you to know this.
