Subject: JFK's visit to Tampa
I've just had a response to a general letter of introduction we sent to the Tampa Police Department recently. They said they don't think they have any assassination records but are happy to talk to us about it further. I'd like to know what you have from the SS about the Tampa visit. That information would help me narrow the focus for the PD to review their files, in the event they assisted in security for the visit, which they must have in some manner. PS - I've been approved for my clearance and should have it in place within the next week. If there is anything classified, let me know, I'll have Tracy and David brief me, and then I can discuss the issues with you more fully.
