Subject: LHO and Stripling Junior High
There is a question as to whether LHO attended Stripling Junior High School in Fort Worth during the 1951-1952 school year. The WC found he was in New Orleans that year, yet Robert and Marguerite Oswald told the WC he attended Stripling. Jim Marrs told the Board at the Dallas public hearing that Frank Kudlaty (assistant principal at Stripling in 1963) told him that the day after the assassination the FBI came to him and took all of LHO's records from Stripling. Have you seen any reports out of Fort Worth on this? If not, I'd like to talk to you about the best way to approach this via the FBI.
