Subject: FYI-Kermit

Body: Kermit called and suggested that he and I visit NSA on August 30. I said that I was planning to be out of town that day. He said "no problem," and that we should try to schedule when he returns from Africa. I also told him that I am an expert on African law, and that if he has any problems while there, he should give me a call.
recstat: He said that he was already aware of that and has my phone number in case the need arises.
