**Subject:** CIA documents

I've talked with Barry this morning, who thinks there may have been a mix-up on document numbers on the records they sent us Friday. He would like us to fax back to him this morning the "IDN aids" or RIF sheets of those documents released in full that we think have already been released--whether at the June or July board meeting, or at earlier dates by CIA itself. By my count, there should be five of these. I'd appreciate it if you could fax these over to him, after checking in with me on what you have. One of these, a release from the July board meeting, is the RIF we've been looking for for the Federal Register Notice. (Barry actually sent it to us for that reason). Could you give me this number, so I could give it to Chet? Thanks.
