Subject: for the Public Contacts database
I just developed the information that David Slawson of the Warren Commission may have written a book, or part of a book. Therefore, please include the following paragraph in the comments section of his profile: Ask Slawson to include any Warren Commission records used in the draft of chapters for a proposed book, the draft being dated March 1992. (See RIF 178-10004-10372)
