Subject: Your draft letter
Given the tight time-frame, I scribbled my suggestions directly onto the copy you gave me, which you'll find in your "IN" box. I had nothing substantive to add, only some minimal "linking" language to facilitate the recommended re-arrangement of the paragraphs you've already drafted. I also think the draft is a tad redundant for public consumption and so recommend collapsing the letter down. I hope you can make sense of my markings; let me know if they require deciphering.
