Subject: July meeting documents

Everything is in order on my end. I have only two documents that will be up for review by the Board. They are the Clay Shaw secretary/Lee Oswald job application document--44-24016-1st nr 2147 and the 2, 3, 4 document on Bill Alexander--105-82555-1706. I have a third document with one symbol number that is a 1b postponement. I think it must be an FCI because the Bureau has not supplemented the evidence yet. I also matched up the supplemented supplements you brought back today. One went with one of Joan's documents on the back table. She will need to figure out what is up with her documents, and I told her I would help on the Review Track end (figuring out what is in there and what needs to be entered.)
