Subject:	Unreviewed documents in boxes one through three.
Body:	Eric and I quickly checked the files and found that the documents which have not been reviewed are indeed in the files. So they should be OK to go. But there is one anomaly. No 104-10018-10045 exists, not in the folder but also not on any data base- review track, CIA open documents or CIA postponed documents. I think that this is not a problem. What do you think?
