Subject: NARA Record Groups

Body: I copied page 64 from your book excerpt. I intend to visit the reading room and check subject records groups for Cuban invasion "contingency planning" circa 1962-63...and of course will follow up on any areas where it may appear that assassination-related records may already be on file.I will not know specifically what is in these record groups until I can visit the archives, talk to an archivist and view some of them. I intend to follow-up on this soon, unless something "hot" comes up first.
