Subject: SCIF TELEPHONE-Bell Atlantic
Ms. Ali of Bell Atlantic called me today to say that she was now terminating the tracer on the SCIF secure phone, but that the calls had not ceased; she said they had reduced in frequency, but had not stopped.If ARRB wants to know who is making these calls, we are to call the long distance company from which the calls are emanating, and ask for "ED". She has given him my name as our P.O.C., but I am deferring to you per your instructions. ED works for "Cable and Wireless" company, at (703) 734-5275. He should be willing to tell you who has been doing it.
