Subject: Gum Shoe Database
I spoke to Anne about this and she asked that I send you a note to make the change. Please remove the "Date Code" from the Outgoing Correspondence section. They will type in the date themselves. The reason for this is that when I copy it into WordPerfect it takes that date code instruction along with it. If I go back and pull up an old document, it changes the date to the new date instead of when when the letter was written. Thanks.Also, reminder to get the repaired printer back on line.
