**Subject:** outgoing correspondence to Sigalos/Bronson  
Jerrie - this is FYI so you know the letters are in progress.Dave - Please take out the references to "we're happy Mr. Bronson is still alive" and print those two drafts for David. I emailed him that you'd print them and put them in his in box. He can make any changes he needs and will probably give them back to you with written or verbal comments.From there make the changes in the computer and email to Jerrie, telling her they are ready to print on letterhead for David's signature. If you don't hear from David with changes by the end of the day Wed. ask Jerrie if he's had a chance to review them, etc. I'm sure she will check on their status for you and let you know.
