Subject: Spouse's Thursday morning doctor's appt.
My wife has a one-week-after-surgery appointment scheduled for 8:15 Thursday morning. She is still on crutches (and will be for 2 more wks.) and not particularly mobile. I intend to drive her to, and return her home from, the appointment. I should be in the office no later than 10:00 AM, and perhaps as early as 9:30 AM. Unless I hear back from you, I'll assume this is OK, and I will fill out the requisite paperwork upon my arrival in the office Thursday morning. Thanks!
