Subject: Looking ahead several weeks
I know you'll be away from the office on 10\19 and 10\20. I'll be on travel that week and won't get back to DC until the middle of the day on Friday. I may take the rest of the day Friday off to visit my Dad which means that I won't be in the office at all that week. Will you please prepare the weekly update for David that week, on Wednesday and put it in his IN BOX and on the g:\investig drive late on Wednesday. I'll call you from the road on Wed. to give you may activities for that week (I don't plan to take the computer with me on that trip.)
