Subject: 89-30-28, and HSCA # 008788

1. 89-30-28 is a document from Sibert dated 11/26/63 which has nothing to do with the autopsy or the infamous Sibert/O'Neill report of the same day. I have copied this for you and because it has some "confidential" information (informant symbol number and source file number), it is in a plain brown envelope with your name on it on the FBI work shelves in the scif. 2. HSCA # 008788 is one page of the infamous Sibert/O'Neill report of 11/26/63, and the FBI generic response dated 5/23/78 delivering the report to the HSCA. These two pages from the HSCA referred material at the FBI are in the plain brown envelope as well.
