Subject: HSCA data
We are going to get update discs from Legislative Archives to update HSCA data. Most of their data is on 5 1/4 floppy discs, not 3 1/2. David said you would need to modify the program slightly to take the information from a "B" drive instead of an "A" drive. We have not set a time to do this because we need to coordinate with Legislative Archives to find a convenient time for them.
