Subject: Medical Petition

Body: Part 2 of the Petition lists 46 requests. After subtracting the duplicates and triplicates, 37 documents remain. Of the 37, ten are open in full (copies on their way to you). Of the 37, eleven have no relation to the medical treatment, autopsy or forensics aspects of this case (two of these are open in full) .The 18 documents remaining are currently referred. Of these, I estimate that ten will be opened in full by the originating agency or the Review Board. The remaining 8 have been postponed by the USSS, mostly for "protective methods".
