Subject: Conversation with Richard Brown

I called Rich Brown and gave him your message. He has reviewed the N.O.D.A. motion. Provided the Board is not directly involved, he is not sure he wants to move for removal to federal court just yet. He is concerned about one issue and asked me to flag it for you -- on page 3 of the motion at paragraph 11, the N.O.D.A. apparently says something like, "Despite the D.A.'s office's request...the transcripts remain available for viewing." He is concerned that Connick's office is trying to convince the judge that we are making the transcripts available for viewing, but just on a restricted basis. He said that if we respond to this motion with a letter, he will want to clarify that the transcripts are not really available for viewing at all. He is going to talk to his bosses today, but said that he would like to talk to you sometime later today.
