Subject: Current Status of Privacy Records for Board Review REVISED
I double-counted the 6 payroll files we pulled. Sorry. The numbers are accordingly revised downward. Available for immediate consideration are: PAYROLL RECORDS: 170 uncontroversial payroll records 6 payroll records/files requiring some level of Board review Total Payroll Records: 176 SS # REDACTIONS: 16 OTHER PRIVACY: 9 (3 medical-related, 3 Onassis/Manchester, 3 Ferrie) TOTAL RECORDS AVAILABLE FOR IMMEDIATE CONSIDERATION: 201 Note: There are 6 additional Ferrie-related documents which are not ready either because 1) on closer inspection, they clearly come from FAA files (even if they were not FAA generated) and thus presumably pose a referral issue, or, 2) my personal failure in at least one instance to secure (in time) an unredacted copy from Archives I. Also, be aware that one of the records included in the "other privacy" category above (Ivon Tucci's medical records) were obtained by HSCA from a VA Hospital in Chicago. The record was not referred to the hospital or the VA by NARA, but I don't know if a referral issue arises there or not.
