**Subject:**

I am very concerned that we haven't heard from you. I hope that is not due to bad news. Tracy and I spoke to Joan for about 1 1/2 hours. Under the circumstances, I think that things went very well. I think that we now have a much better understanding and that our modus operandi will improve substantially. Although I find her to be very difficult to deal with, I do think we have a chance for improvement.
