**Subject:** Autopsy records

Could you please check out the following:1. The location (RIF numbers?) of the originalsof all Humes and Boswell documents (e.g., autopsy face sheet, autopsy report, notes). I assume they are in the WC files.2. Whether there are original transcripts of the Humes and Boswell WC testimony and, if so, where they are.3. Whether there are any extant charts that cross-reference exhibit numbers of WC and HSCA medical evidence documents.4. Whether there is an original transcript of the Humes HSCA testimony (Vol. I p. 323-32).5. Did Boswell did not testify under oath before the HSCA? If so, where is the transcript?6. I understand that there is a videotape of the Humes HSCA testimony. Do you know where we might see it? Tom may know the answer (I recall that he spoke to WBGH about their donating a copy). There may be a copy at the Archives. 7. Doug: do you have a copy of the 1972 Lattimer article in Resident Staff Physician?
