**Subject:** HSCA Security Classified and Security Classified Testimony Record Series  
NARA has agreed to let us have these two record series. There are six Security Classified boxes, and ten Security Classified Testimony boxes. NARA summaries of what these record series contain will be put in your respective boxes. That's the good news. The bad news is that, because these are classified documents, NARA seems a mite uncomfortable with staff trudging up from Archives I with a box under each arm. Thus, they wish to bring them up via the NARA truck, which means we won't get them -- in all likelihood -- until the middle of next week. There is also a record series (12 boxes) entitled "Transcripts and Steno Types of Immunized Executive Session Hearings". These contain testimony from Loran Hall, Pedro Diaz Lanz, Marita Lorenz, Robert McKeown, Carlos Marcello, Carlos Sanchez, Santos Trafficante and Antonio Veciana. Some of these are already open (Lorenz and Trafficante come to mind). If we ask quickly, we may be able to get these boxes included in this batch. Should I ask?
