Subject: Sen. Daniel Patrick Moynihan article
In your box you'll find a copy of an op-ed piece done by Moynihan in late '91, re: Oliver Stone and JFK. It is of mild interest...note the cutting reference to Ramparts on page two. No obvious reference to our ongoing item of interest. This was forwarded to me by my contact on Moynihan's staff, who I spoke to shortly before I left on vacation. My contact is intending to check office records stored at Suitland in pursuit of an actual on-record response to the allegation.
