**Subject:** Medical and autopsy photo witnesses  
I checked Mary Ferrell's database and found a number of the names you asked me to find. In every case except one (Paul K. O'Connor) Mary provided an address and telephone number. I suggest you try these first. If they are out of date ask me to conduct additional investigation to locate. I do not expect, however, that we'll receive very prompt service even after FINCEN opens again because its case load will be backlogged from law enforcement agencies (they get top priority.) We do have private sector contractors who can conduct searches for us. An initial name/address search is \$25.00 to \$50.00 per name. I will fax requests to FINCEN today for: Dr. Robert McClelland, Aubrey Lee Rike, James Curtis Jenkins, Edward F. Reed, Robert L. Knudsen, V. Madonia, Robert I. Bouck (double check with Joan in case she has any idea of his whereabouts), and Edith Duncan. At least this way FINCEN will have our request.
