Subject: Anthony Summers/John Martino, Sec. Classified HSCA documents

Per our brief discussion: the Security Classified Files contain some FBI documents pertaining to John Martino. They can be found in Box 2 of the record series, Folder 034, Record Number(s) 180-10110-10176 and 10178. There may be others. I have put in your box the relevant sections of Summers' Vanity Fair article. The FBI/Martino documents I saw definitely date from the immediate post-assassination period, when Martino was disseminating disinformation, re: Castro's involvement in assassination. I don't know whether any of the documents in Box 2 are the ones Summers' says have been withdrawn from the collection. It may be Phil and Kevin already have these documents memorized, and I'm wasting your time. If so, I apologize!
