Subject: Visit to Legislative Archives

Based upon our discussion last Friday, I am assuming that you will be deciding what steps should be taken. To: David Marwell/ARRB, Jeremy Gunn/ARRBcc: Phil Golrick/ARRB From: Joan Zimmerman/ARRB Date: 12/04/95 01:33:20 PM Subject: Visit to Legislative Archives I went to Legislative Archives this morning to check on records that were charged out to ARRB-David Marwell but not received by us. Kris Wilhelm went through our list of documents that we actually received from USSS. She has changed all of the documents that were not given to us to OPEN. Kris said that John Machado told her last Thursday that he will bring "about 2 inches of material" to her when he comes to stamp USSS materials OPEN. Kris said that John Machado told her he will come to Legislative Archives sometime this week to stamp the materials. I conclude from this that the 27 items presented to us on November 13, 1995, constitute the final list of material for which USSS will seek postponements. I would suggest that we wait for John Machado to return and stamp the materials at Legislative Archives before we contact USSS about anything else regarding these records. (These include additional reports on Thomas Vallee as well as protective reports similar to those I located in the LBJ Library collection, i.e. protective reports in 006256.) Kris noted that she had not been notified of the Board's action on HSCA documents at the November meeting. Per David, I have asked Noelle to send Kris a blind memorandum when we announce determinations on HSCA records. I pointed out to Kris that one of the reports on Vallee should be held back until the Board votes on the requested postponement added orally at the November 14, 1995 meeting. (180-10080-10131/ 008581). This document was listed under the postponements of SSNs. Kris will refer another document with CIA equities--which USSS released in full-- to the CIA (a letter from Miami).
