Subject: Parkland Files
The Parkland Witness files are ready for your review. We tried to include all the documents we thought you might need, but we may have forgotten something. I 've added some red tabs so you'll know where the documents are, but feel free to dispose of them if they get in the way. The first document in each file is the "short" fact sheet or abstact that you requested. Doug and I weren't quite sure what you had in mind, so you'll notice two versions of this in each file. Just choose which ever better serves your needs. Both are still on the T: / drive if you want to edit them.
