You are scheduled to meet with Dr. Anderson and his staff on Monday, Dec. 18, at 11AM. They will have their complete file on the treatment of JFK , JBC and LHO ready for you review. As indicated in my earlier E-Mail, they sent the originals of some of the records to the County Commissioner in 1993, but Parkland still has copies of everything. Dr. Anderson's assistant, Karen Eckenfels, has been in contact with that office to let them know who we are and to let them know we may be contacting them as well. Karen asked me if it was our intention to take their file, or just compare it to what is currently in the Archives. I explained that our goal is to get the originalsof all Assassination Records in the Collection, but our immediate concern was to see what they had. I further explained that you will probably want to discuss the issue with Dr. Anderson. I get the impression they may be willing to turn over the originals, but don't quote me on that.Karen is faxing me a complete index of the records they have. I will get you a copy as soon as I get it.
