**Subject:** Determination draft

I have placed a 58 document draft of the determination form on your desk. Show it around for comment. One slight problem is the format I am using do not lend itself to easy importing into WP but I will work on that next week. I have added a new field to the Postponement Detail form called: Agency Redaction DetailIf you want you could add the needed info for this meetings documents into that field and I could replace the comments section on the Determination form. Otherwise we will need to go back and modify any documents that are in place for future meetings. We need to get the word out to team members about this change, can you informally go around and let people know and I will include this item in the next training session. thanks.
