Subject: HSCA disks and Numbered Files update

Body: I've spoken with Kris Wilhelm who is, at this very moment, in the middle of moving the materials in the Legislative Vault to a new home in the Archives Building. The status of our two immediate concerns are as follows:1) disks -- tomorrow morning, Kris will give me the originals of the 10 disks whose backups were unable to be copied into our system -- hopefully, this will resolve the issue, though Kris says she wouldn't be shocked to find out the originals are screwed up, too. I will simultaneously return the rest of the "good" backups which we are finished with.2) Numbered Files -- their transfer has gotten tangled up in the general frenzy of the Vault move; but Kris says they will be on pallets and down at the loading dock at Archives by the end of today; thus, there is some possibility they'll come tomorrow; if not, next week sometime.
