**Subject:** Another chapter in disk saga  
The originals for the ten faulty disks are not at NARA I; apparently Steve Tilley has them at NARA II. I'm going to pick them up next Tuesday (assuming Steve can find them, a question on which Steve appears to have some doubts, since his computer guy is out). As Chet pointed out, these disks may have to be reformatted before we can integrate them -- and Matt is out 'til next Thursday while Kris is gone all next week. Stay tuned...On the Numbered Files: per Kris's commitment, the Numbered Files were palleted yesterday and are down in the bowells of NARA I, shrink-wrapped and ready to come here. "But when they will, I can only guess." [Bob Dylan, "Idiot Wind", from Blood on the Tracks.]
