CALL REPORTIssue # 9Document's Author: Dave Montague/ARRB Date Created: 12/22/95 The Players Who initiated the call? Review Board's representative in the call: Dave MontagueIndividual's Name: David Kepley of NARA  
Description of the Call Date: 12/22/95Subject: Confirmation Of Film Material Being Sent By NARA Re:EvaluationSummary of the Call: I spoke with David Kepley of NARA's Motion Picture Branch yesterday and confirmed that his office is planning to ship the completed evaluation reports to the Review Board today. We discussed shipment of the following items:-Inspection report on the ORSK Zapruder film-Inspection report on the MPSK Muchmore film-Inspection report on the MPSK Nix film-List of all copies of significant audio/video on hand including those of Orville Nix, Abraham Zapruder, Jack Daniels, Marie Muchmore and Dallas Police radio channel recordings It is noted that the Muchmore film on hand was listed as an ORSK (original) prior to efforts of the Review Board but has been reclassified as an MPSK (master positive) since its evaluation. I again addressed the possibility of having the ORSK Zapruder film evaluated by a non-governmental qualified scientific source perhaps under the supervision of NARA staff. Kepley said he fully understands the need for the Review Board to provide as much clarity concerning film issues in an effort to make information available to the public. He will informally discuss the issue with their Counsel's Office and see if something can be arranged; adding he wants to make sure he satisfies the needs of the Review Board. Kepley's phone number is 301-713-7082.Don't forget to compose individual Action Item documents for any action items that resulted from the call!
