Subject: Request from Barry
Barry had discovered another version of the "Peter Dale Scott" problem cable, an earlier version of the same cable: 104-10015-10331. Since it's up for Board consideration tomorrow (under the last set of documents), he's requested that we set it aside until he can talk with you about it. I told him that was fine. Truthfully, we'll have plenty on our plate tomorrow without getting into that one.
