Subject: Second Revolver inquiry
I have located two documents, both in the open source database. 62-109060-857 is a airtel dated 11/29/63 from SAC, Boston to HQ, Dallas and Philadelphia. The revolver, serial number 893265 was shipped from Smith and Wesson, Inc. to U.S. government at Hartford Ordnance, Hartford, Conn. 1/13/42. The shipments for Hartford went to England under a "lend-lease" agreement. The weapon was believed to have been altered and rechambered in England and imported back to the U.S. for sale as surplus. 62-109060-858 is an airtel from SAC, Springfield to HQ reporting negative information on the revolver as to any connection with Rock Island Arsenal, Rock Island, Ill.I will attempt to locate a retel, refered to in 62-109060-857 which may give more information about the revolver. I am also awaiting any information Anthony Summers may have on this matter.
