Subject: Fed. Reg. language

Body: This is not a time-sensitive item, so don't worry about it until after the Board leaves this week, but I wanted to make a copy of whatever Federal Register notice we used that "special" language in, re: Security Classified testimony cleared by the CIA.Also, does that notice language (and the docs it applies to) go to the House Chairpeople when they get their list of documents the Board has processed? If it doesn't, maybe it should.Let's chat later in the week! I just wanted to send this to you now before I forget about it! Thanks.
