Subject: 2/2/96 Purdy contact

FYI, late afternoon on 2/2/96 (last Friday), Andy Purdy left a message on my voice mail asking if we'd given any thought to whether or not "the box" in the Stoughton reinterment photos could have been the remains of Patrick Bouvier Kennedy. He said I didn't need to call him back, and I haven't. While he's clearly mistaken about the box, I wanted you to know about his call because it indicates his positive attitude toward our work/his meeting with us, etc. Here's a guy who spending time at 4:00 PM on a Friday thinking about some contact sheets of a reinterment he'd seen a couple weeks before...Even if we don't utilize him again before the Humes deposition, it occurs to me Purdy might appreciate a call afterwards, letting him know how it went.
