**Subject:** Car for skull pick-up

I have just been informed by NARA that it's Preservation office has a strong preference for having the HSCA's skull model artifact (which we are borrowing for purposes of the Humes deposition) picked up by a vehicle (as opposed to being walked up from NARA I).Question -- would anyone have a car available to pick up the skull at NARA I at approximately 12:45 today? A volunteer could drive their own car or, if more convenient, allow me to drive it.Sorry to have to ask -- we've gotten the request only in the last five minutes, and Matt and Kris of NARA can't get a NARA vehicle on such short notice.
