Subject: HELP!!

Body: My computer will not let me save, print, or open files. If I try to do so a message will pop up saying ACCESS DENIED: You do not have rights to do this. Noelle told me this morning that she had the same problem trying to print labels on my computer. I also noticed that when I logged on, alot of error messages started to pop up on my screen. Tracy also metioned that I'm suppose to have access to the g; drive.
