Subject: a few things...

Gabe C. called today and is still caught up in hearings/meetings. He is going to call Monday morning to set up a time when he can come in and see both you and me (separately). I will set it up for whatever time on Tuesday he can come so that we can get this rolling. I'm not sure what his issues are that he needs to speak with you about. I went to the Federal Register on -line training and is what really good. We can also access legislation, committee reports, public laws, etc. I'll show you all the info when you get back. However, I spoke to Chet about it and we need to get either full internet (WWW) access or activate a few more accounts (maybe me and Noelle) on compuserve. We'll discuss. Chet and I met about the new Valerie position. We are going to come up with a posting, get your approval and then fax it to a bunch of agencies and see what kind of response we get. I think that might be it for now. I'm going to assume you're having a great time! See you Tuesday (I'm guessing that you'll be at the deposition on Monday). Oh yeah, I think I'll set up a Senior Staff meeting for Tuesday morning if that's ok with you. We should probably catch up on stuff before the Board comes. I'll set it up and you can cancel it if you think there's no need for it.
