Gabe left a voice mail message for me at 12:26 while I was in the SCIF. He was requesting a brief meeting (30 minutes) with you early or late this afternoon or on Monday. I forwarded the message to your voice mail. He said he wanted to "talk with David to discuss issues regarding the position." I went to Tracy to ask for his file or get his phone numbers so that I could call him to tell him you are out of town this week and will be in deposition on Monday. Tracy said she had received a call(s) from him regarding his meeting with her also. She forgot you would not be here Monday but she said I didn't need to call him, that she had told him to call her Monday morning.
