Subject: Photo Expert

We're trying to identify a photo expert that we could invite to look at the autopsy photos and negatives to confirm/deny their authenticity. Ideally, we'd like someone who is an acknowledged expert in the field, not employed by the government, and "untainted" with respect to having strong pre-existing opinions about the assassination. We'd like to canvass FBI, CIA experts on whom they might know in the civilian community fitting this description. Could you please check with your FBI/CIA (NPIC) contacts to see if they can suggest someone? (FYI: Jeremy is working "lawyer" channels to see if the legal community knows of someone renowned as an expert witness, and Kevin is likewise checking with the NARA photo people.) Thanks for your help.
