Joan, what would your response be? Do you have any suggestions as to how we might better get the USSS to search for such records?

Do any of our outstanding requests for Secret Service records "capture" anything that would have to do with the Secret Service request that the CIA/NPIC analyze the Zapruder film? I know we are pursuing the CIA/NPIC side of the matter, but I did not know if a request had been made to the Secret Service for any of their relevant records.
