**Subject:** Oswald's Social Security Records  
CALL REPORTDocument's Author: Jeremy Gunn/ARRB Date Created: 03/13/96 The Players Description of the Call Date: 03/13/96Subject: Oswald's Social Security RecordsSummary of the Call:I called Joe Moran to request that the SSA locate Oswald's SS file. He was very cooperative and told me that he would look into it and get back to me by the end of the week.He asked me about Section 6103 of the IRC, and how that would apply to our request. I outlined to him our statutory authority, stating that we were requesting the file under Section 7(j)(C)(ii) of the JFK Act, but that he should know that 6103 is referenced in Section 11 of the Act. I said that Section 11's restriction on Section 6103 records pertains only to transmission of records to the Archives. Because we are not now making any such request, Section 11 of our statute is not now applicable.It also appears that, even though SSA apparently now holds W-2s and W-4s, it did not obtain them until after 1963 and thus 6103 may not apply at all to the Oswald file.
